August 24-29

Donation Report

This report appears officially, but it is also a personal "thank you" to all who have given so generously to the ANA. If it were not for the support of its membership, the ANA could not continue to go forward. Gifts of numismatic items and cash are still needed — from individuals as well as from local, state, regional, national and international organizations. The ANA is looking forward to receiving help from its members and many non-member friends in the coming year.

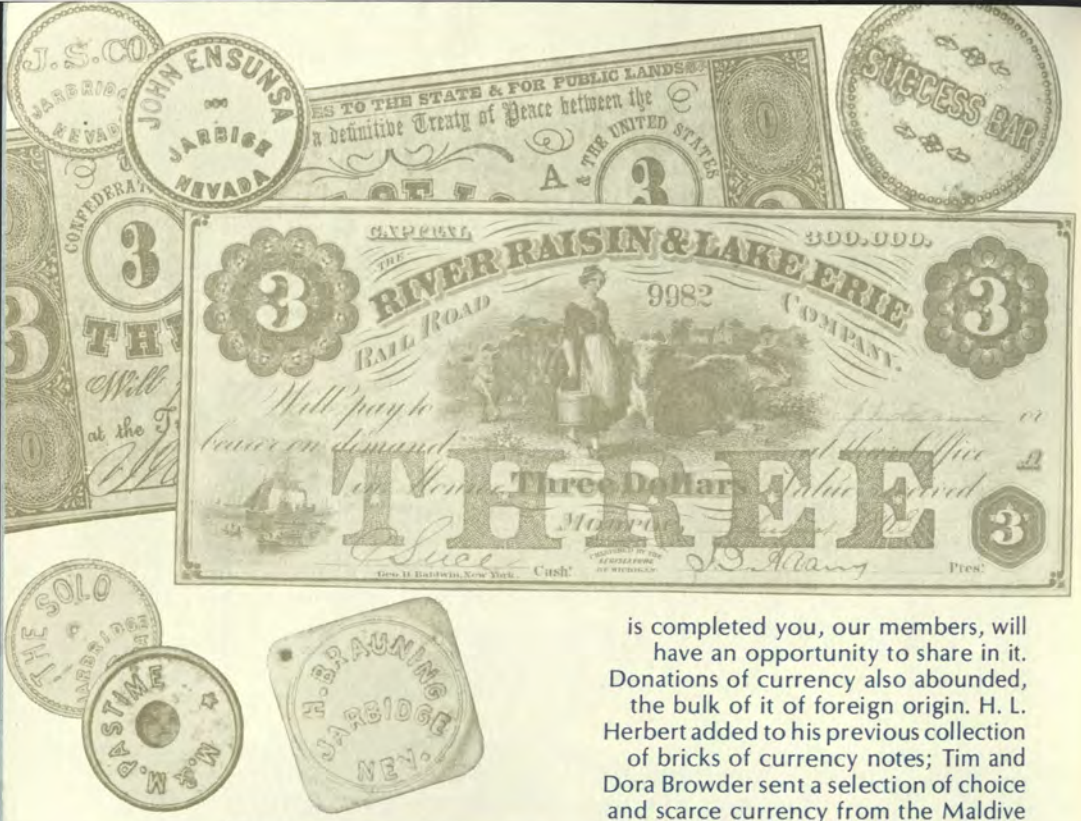
On the following pages you will find a listing of those who have given in the past year. If your name is not there, we hope to see you listed next year. We especially need cash contributions to fund the ANA Grading Board activities as well as donations, large and small, to support the Library, Museum and Young Numismatist activities. Your help is needed. We are counting on you. Thank you.

John Jay Pittman
Finance

Donations Summary 1975-1976

What a fine year your museum has had! Thanks to the continuing generosity of many of our faithful supporters and of the many new friends who increasingly recognize the importance of your museum, existing collections have expanded, new ones have been established, and funds have been provided for the further expansion of exhibit and display areas.

In the monthly "Museum Directions" column of *The Numismatist*, a wide variety of donations has been publicized. There you read of the Q. David Bowers donation of some 240 different $3 bills and Norman Applebaum's virtually complete collection of the tokens of Jarbridge, but were you aware that through the efforts of Joy Parrish we have probably the finest collection of Sambo tokens in the country? Also, because Dan Brown cared enough to inquire, the gaps have been filled in our United States Mint Army, Navy, and Presidents medals series.



Herbert M. Bergen, former ANA president, announces donation of an extensive token collection from the estate of and in the memory of Dr. C. Glenn Curtis.

Civil War tokens were spotlighted in two significant gifts. Former ANA President Herb Bergen presented the Dr. C. Glenn Curtis' collection of some 600 political tokens and store cards. From David Levitt came over 4,000 patriotic tokens, the first installment on an accumulation of nearly 12,000 items. When this project is completed you, our members, will have an opportunity to share in it. Donations of currency also abounded, the bulk of it of foreign origin. H. L. Herbert added to his previous collection of bricks of currency notes; Tim and Dora Browder sent a selection of choice and scarce currency from the Maldive Islands; Gary Snover and Bill Kiszely added significantly to their donations of world banknotes. Even stock certificates and checks were received in abundance, including a parcel of several hundred items given by Rev. Paul Peel.

If you have ever wondered what becomes of the records and dies of a token manufacturing firm which goes defunct, you may some day be able to turn to your ANA for an answer. From Bowers and Ruddy Galleries came not only 38 cartons stuffed with ledgers, invoices and correspondence from the Quint Company of Philadelphia, but also several hundred dies which the firm had used over the years.

Having kept up with museum news, you might recall the unusual figures molded from macerated currency, the gift of Norman and Bill Pullen. But if you were not present for the ANA's 8th Annual Summer Seminar, you would not be aware of the large quantity of coin folders, holders and supplies that were sold at the book sale for the benefit of the museum, the generous gift of Ray Janda.

David Levitt (r) chats with John Jay Pittman about his donation of nearly 12,000 items comprised mainly of patriotic tokens.

Paramount International Coin Corporation sent coins of the realm to be included in another museum case which it will sponsor. The Franklin Mint continued its long-standing practice of providing both silver and bronze specimens of many of their special as well as serial issues. The Medallic Art Company sent a generous check and several specimens of its products, to be included in a new medals gallery. Perhaps our most faithful contributor is Captain Tuttle who several times a year sends boxes of United States and Canadian errors and oddities, a sizeable number of Elder Tokens, original issues of the Society of Medalists, a quantity of merchant tokens and store cards, and several handsome tokens from Sage's Historical and Numismatic Gallery series.

Finally, let us anticipate some of the museum support which you will hear much more about in the coming months. In addition to an attractive selection of badly needed United States type coins in copper and silver, the Stack's family of New York has made a commitment to substantially fund the further expansion of your museum. The original headquarters museum, now used for storage, will be refurbished and along with the renovation of an existing office, give us display space for currency, recent accessions, seasonal and topical displays. Facilities for such exhibits are presently totally inadquate, and we are most grateful to Stack's for the help they will give us in overcoming this deficiency, as well as for their great faith in your ANA museum.

The most important thing to acknowledge here, however, is the motivation of our members. The thousands of dollars and thousands of coins which have built your museum have come from thousands of members, without pressure or coercion. Be it an elongated cent or a priceless rarity, a check for $5,000 or one for 28¢ sent along to round off one's dues payment, each is important. Be it time or talent, treasures or trivia, if it is yours to give, your museum will gratefully receive it.
